Assistant Daniels noted that there are three fund reports due to FY24 having been closed out, and the first two months of FY25 having been closed out.
  - b. Financial Reports (General, Levy, Grants, Foundation Funds)

- VIII. Usage Report  
President Sulentic noted that it looks like there was a little bit of a drop in usage. Librarian Hosford noted that the youth department doesn't do a lot of programs during August due to the end of the Summer Reading Program and gearing up for the next batch of programs.

IX. Director's Report

a. Strategic Planning Focus Group

Director Stern noted, as read by Librarian Hosford, that we have zero members lined up. If you just want to send her the contact info for anyone you recommend, she will send personal invitations. Who on the board will participate? There were questions regarding the day and time of the event, and it is Tuesday, October 22<sup>nd</sup> from 5:30 to 8:30 PM. Member Chadwick noted that he will not be able to attend. Vicki noted that she will check with the members of the Friends.

b. Staffing Update

Director Stern noted, as read by Librarian Hosford, that the shelver position has been filled with the new employee starting on October 7<sup>th</sup>. It was noted that Librarian Pagel is on extended leave until December, probably.

c. Staff Inservice Day Report

Director Stern noted, as read by Librarian Hosford, that a preventing and dealing with burnout training happened. She noted that Librarian Hosford and her have begun discussing tweaks that can be done to staff workspaces to make them better (more ergonomic, more cheerful, etc.), and there will be further discussions with staff about improvements. Director Stern will look into bringing in a space consultant as well. There was also fire extinguisher and AED training, so hopefully this training made staff comfortable using the devices. Part of the next monthly staff meeting will be to walk around the building and make sure everyone knows where all the fire extinguishers, AED, fire alarm pulls, and emergency exits are. The department overviews went well and were informative.

d. Miscellaneous

None

X. Reports from Department Heads

a. Youth Librarian

Librarian Hosford noted that in a partnership with UNI, the youth department has a work study student this semester. Member Bessman Taylor inquired if they have an interest in libraries. Librarian Hosford noted that the student is hoping to be a well-rounded individual and is going to school to be an accountant. She then discussed ergonomics in relation to the burnout training and noted that the youth department has asked for a new service desk due to issues with the current one. Librarian Hosford noted that this request might be part of the agenda around January. She noted that the music garden has been paid for and should arrive sometime this month. Librarian Hosford noted that the library participated in the recent block party, and there is a spooky story contest that ends on October 20<sup>th</sup>. She noted that there will be a franken-toy program for tweens and teens, and there will be a Diwali craft program in collaboration with the UNI International Department this month.

XI. Referred for Board Action

a. Approve revised personnel policies: CFD 2159.22 Severance Pay, CFD 2251.24 Insurance Benefits, and CFD 2257.24 Employee Wellness

Director Stern noted, as read by Librarian Hosford, that none of the updated policies require customization for the library. Member Bessman Taylor asked about the types of changes. Member Edelnant noted that they look to mostly be editorial changes. Director Rodenbeck

noted that the biggest change is the policy regarding wellness. She noted that if an employee completes all the challenges, that they will earn a day off.

MOTION: (Chadwick, Edelnant) to approve revised personnel policies. Passed.

b. Approve request for funds from Cedar Falls Community Foundation: Berg for E-materials 2024 (\$20,000)

Director Stern noted, as read by Librarian Hosford, adult selectors have already noticed that requests for e-books and e-audiobooks are up, and the budgeted amount will not meet the demand and keep the number of holds to a manageable level, so funds are being requested to supplement the e-materials budget this year.

MOTION: (Chadwick, Bessman Taylor) to approve request for funds from Cedar Falls Community Foundation: Berg for E-materials 2024 (\$20,000). Passed.

XII. Reports of Standing and Special Committees: Action appropriate to the reports

a. Friends of the Library

Member Edelnant noted that some members volunteered as part of the stuffy sleepover program. She noted that there will be a membership drive on October 11<sup>th</sup>.

b. Finance: Meeting: No meeting needed in October

### Live Program Sessions

A live program session is any planned event which introduces the group attending to library services or which provides information to participants.

Program sessions may cover use of the library, library services, or library tours. Program sessions may also provide cultural, recreational, or educational information. Examples of these types of program sessions include, but are not limited to, film showings, lectures, story hours, literacy programs, citizenship classes, and book discussions.

#### INCLUDE

- All program sessions that are sponsored or co-sponsored by the library. For a program session to be sponsored or co-sponsored by the library, the library must contribute financial resources or staff time toward the program session. For a program session that is part of a larger community event (such as a farmer's market or festival), it is not necessary for the library to also sponsor or organize the larger event.
- Both on-site and off-site program sessions. For example, include a storytime at a farmer's market or a presentation to a school group about library resources conducted at a school.
- Live-streamed virtual (synchronous) program sessions that are sponsored or co-sponsored by the library.
- Program sessions with attendance of zero or one if they were intended for a group.

#### EXCLUDE

- Program sessions sponsored by other groups that use library facilities. For example, do not include a homeschooling group hosting a speaker in a meeting room without facilitation from library staff.
- Offsite outreach efforts that do not otherwise meet the definition of a program session. For example, do not include having a library card signup booth at a farmer's market.
- Activities delivered on a one-to-one basis, rather than to a group, such as one-to-one literacy tutoring, services to homebound, homework assistance, mentoring activities, etc.
- Passive or self-directed activities that do not occur at a scheduled time. For example, do not report "make and take" bags or coloring pages as a program. Report these self-directed activities on questions G51 to G59
- Recorded presentations of program content. Report these on questions G49 to G50.
- Programming that is shared on the library's website or social media that is not sponsored or co-sponsored by the library. For example, do not include sharing a video from an author's website of him or her reading a book.

#### Tips for reporting programs and attendance.

- When reporting the number of programs count the total number of events. A story time held once a week for a year is counted as 52, not as one.
- When reporting attendees count total number of attendees regardless of the age. A children's program attended by 10 children and 10 adults is counted as 20, not as 10.
- Live, virtual programs are conducted via a Web conferencing or webinar platform during which a library staff member (or other party sponsored by the library) is presenting to or interacting with an audience in real-time. These are considered programs for survey purposes and should be added into programming counts as indicated below.
- Recordings of program content include video or audio recordings created by a library staff person (or other party sponsored by the library) and posted to a video or audio hosting platform for the

audience to view or list to on-demand. Do not include promotional or marketing content. Recordings of program content are counted separately from live programs as indicated below.

- If a program is hybrid (i.e., in-person and virtual) then report it as in-person. Do not double count.
- WhoFi/Non-WhoFi – we prefill and lock data from WhoFi for libraries that use that service. If you did not use the WhoFi service fill out the non-WhoFi questions. The total number of WhoFi and non-WhoFi programs will equal the total number of programs offered in each category.

#### *Program Content Recordings*

A program content recording is any recording of program content that cannot be viewed live as it unfolds (i.e., on-demand streaming). Only include program presentations posted during the reporting period. Regardless of the number of platforms on which a presentation is posted, count each unique presentation only once. Include program sessions hosted on Facebook Premiere that are not facilitated by a staff member.

The count of views of asynchronous program presentations for a period of THIRTY (30) days after the presentation was posted, even if that period extends beyond the survey reporting period (or fiscal year). For program presentations made available via Facebook, count unique 1-minute views of each video. For those made available via other platforms, count unique views of each video. For recorded program presentations that are recordings of live, virtual program sessions, exclude live attendance; live attendance should have already been counted on lines G06, G14, G22, G30, or G38.

G50	Total number of views of program content recordings	0

## *Patron-Directed Activities*

Below is a list of activities that are patron directed and sometimes known as passive, self-directed, or indirect programming. All answers are prefilled with 0. If you do not provide a listed service you can leave it as a 0. If you provide a service but are unsure of how many times it was used, answer with an estimate, or N/A. Otherwise provide the number of times each service is used ANNUALLY. Do not count the number of items created, only count the number of times a service is used. Do not include anything provided as a part of a library sponsored, in-person, program. These counts should be accounted for in the programming counts listed above. For example, do not count coloring sheets used as part of a live, in-person, program as an indirect activity.
